

# 5 Gallon Pour Spout

Our 5 gallon pour spout comes with two threaded adapters. The larger black adapter screws onto 2-3/4 inch diameter threads, and the smaller adapter screws onto 2-1/2 inch diameter threads. For plug type openings that do not have a threaded cap, do not use either adapter. Simply remove the plug from the bucket, and then push the spout into the hole until it snaps into place.

Made of heavy duty polypropylene, this durable pour spout will last for years. May be used with all water based, latex, or oil based paints. When using water based or latex paints, clean with soap and water. When using oil based paints, clean with mineral spirits.

## Features:

- Less Mess when Pouring
- Saves Paint
- Prevents Paint-Obscured Labels
- Fits Almost All 5 Gallon Buckets:
- Fits 2.5" [63mm] Screw Caps
- Fits 2.75" [70mm] Screw Caps
- Fits Tint Plug Type Buckets
- Fits Metal and Plastic Buckets
- Made in USA
